

TOWELRADS GUILDFORD

GUILDFORD

Infuse your space with enduring style by choosing the Guildford aluminum radiator. This radiator is designed to stand the test of time, marrying classic aesthetics with a contemporary twist.

The heart of the Guildford's appeal lies in its modern take on the traditional column design. The dark, powder-coated finish not only adds durability but also exudes an air of sophistication. It's a radiant addition that complements interiors of all styles, whether you're aiming for minimalistic chic, an industrial vibe, or a more traditional ambiance.
